

RAUMATI BEACH SCHOOL

13 October 2010

Dear Parents & Caregivers

SCHOOL TRAVEL PLAN

Raumati Beach school and Kapiti Coast District Council are working together to develop a School Travel Plan.

A School Travel Plan is a series of practical steps for improving children's journeys to and from school. The travel plan starts by looking in detail at parents and children's travel needs and we try to improve them from there.

A school travel plan can help to:

- Reduce traffic congestion
- Improve health and wellbeing of students
- Increase travel options to/from school
- Reduce pollution in our environment
- Enhance local community feeling

Shortly a survey will be coming home, it is important to get your feedback on where you think problem issues are around the school so travel to and from school can be made safe as possible and gauge the number of children walking, cycling or scootering to school so please fill it in.

All returned surveys go into the draw for a \$100 Pak n Save voucher and the class that returns the most surveys compared with the roll will win \$100

Regards

Bruce Henderson
